

# SQUARELUX 4

## ADJUSTABLE ACCENT

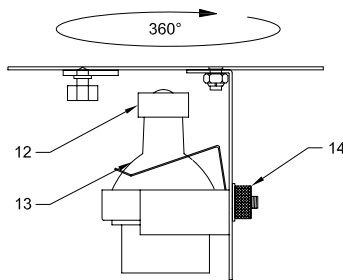

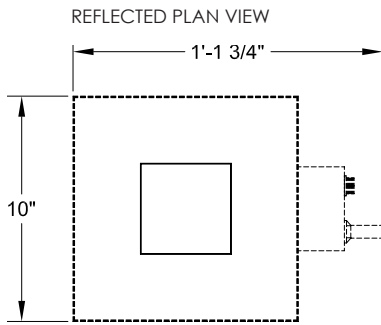

FOR WOOD OR STONE CEILINGS

SQUARELUX 4 appears as a 4" square illuminated glass surface coplanar with a wood or stone ceiling. No flange or trim is visible from below. A two-layer laminated glass lens sits flush with the ceiling line. An optional reveal in the glass outlines the floating lens. Fixture utilizes a single 120V MR16 50W lamp in the fixed downlight position. A layer of Solite with a back layer of clear borosilicate is the default lens. SQUARELUX 4 is designed for flangeless mounting into a wood or stone ceiling.

### FEATURES:

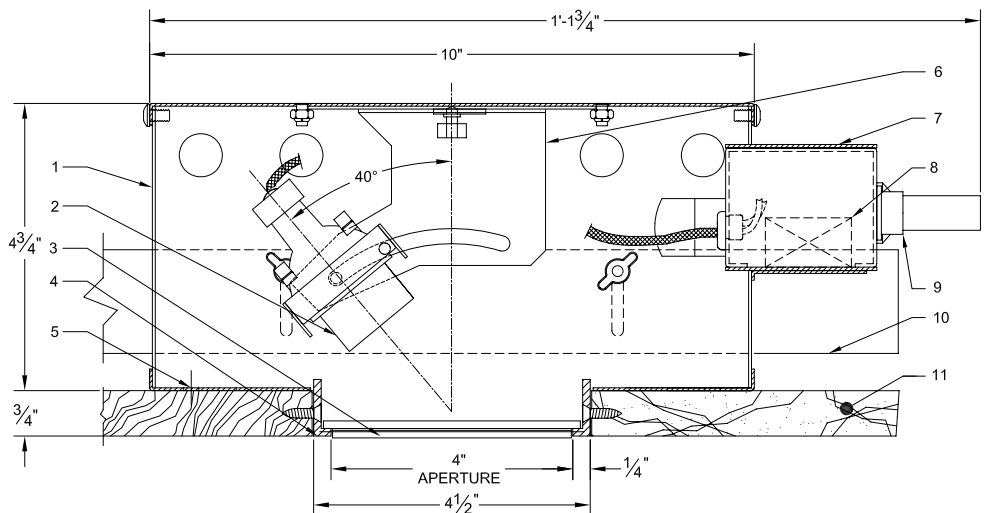

- Small 4" x 4" square aperture
- Adjustable accent has full 360° rotation and 43° tilt
- Trimless wood ceiling installation
- Exclusive two-ply glass lens
- Various two-ply lensing options
- Non-IC Thermally protected luminaire

SQUARELUX 4 is NRTL (Nationally Recognized Testing Laboratory) certified for purposes of OSHA safety standards product-approval requirements.

### NOTES:

1. Housing
2. Object front end
